Some More Very Satisfying Graphs [2]

The power of cleaning up old code: removing 150kb from the average `main` ping sent multiple times per day by each and every Firefox Nightly user.

It may be the wrong day to slam the local newspapers, but this was what greeted me trying to click through to a linked newspaper article this morning on Firefox Android. The link I was sent was from the Riverside Press-Enterprise, but this appears to be throughout the entire network of the P-E's owners, the Southern California News Group (which includes the Orange County Register, San Bernardino Sun and Los Angeles Daily News):

This week in Mixed Reality: Issue 11 [4]

This week, we're making great strides in adding new features and making a wide range of improvements and our new contributors are also helping us fix bugs.

Python unit tests now running with Python 3 at Mozilla [5]
