"A Dutch Web site claimed victory in a David-and-Goliath battle against Microsoft Corp. this week after the software vendor's AntiSpyware program flagged the Dutch company's home page as malicious content."

"Microsoft has agreed to compensate and apologize to the operator of Dutch directory site..."

"The software maker put the matter down to an error. But Wiggers believes Startpagina.nl was targeted on purpose. "I think they did it just to strengthen their own position," he said."
