Dries Buytaert: No. We were profitable, we really didn't need more investment. But at the same time, we have an ambitious roadmap and our competitors are well-funded. We were starting to receive a lot of inbound requests from different firms, including Vista. When they come to you, you've got to look at it. It made sense.

Web content management vendor Acquia Inc. delivered new marketing automation and content personalization platforms for the open-source Drupal faithful and for commercial customers.

In late September, venture capital firm Vista Equity Partners acquired a majority stake in

Acquia, but commitment to Acquia Drupal open source content management applications remain steady, according to Acquia CMO Lynne Capozzi.
