Submitted by Rianne Schestowitz on Friday 14th of February 2020 07:57:21 PM Filed under [Software](#) [1]

The second update of the Blender 2.80 milestone release is here!

With again over a thousand fixes and several important updates that were planned for the 2.8 series. In this release you will find UDIM and USD support, MantaFlow fluids and smoke simulation, AI denoising, Grease Pencil improvements, and much more!
