Intrinsyc's Snapdragon 865 Mobile HDK runs Android 10 on the 7nm, octa-core, 2.84GHz Snapdragon 865 with 15-TOPS AI. The kit offers 6GB LPDDR5, WiFi-ax, and an optional 6-inch touchscreen and triple camera board.

In its first product announcement since being acquired by Lantronix, long-time Qualcomm hardware partner Intrinsyc has launched a Mobile Hardware Development Kit (HDK) that showcases Qualcomm's latest, greatest mobile SoC, the Snapdragon 865. The Snapdragon 865 Mobile HDK runs Android 10, which will soon be followed by Android 11, featuring a Conversations tool and improved security. Android 11 was released a few days ago in a developer preview.
