• Bodhi Linux 5.1.0 overview | The Enlightened Linux Distribution [3]

  In this video, I am going to show an overview of Bodhi Linux 5.1.0 and some of the applications pre-installed.

• GNU World Order 347 [4]

  Cloud, containers, and **cgmanager** from the **ap** software series.

• Ubuntu Podcast from the UK LoCo: S13E01 ? Thirteen [5]

  This week the band is back together. We?ve been bringing new life into the universe and interconnecting chat systems. Distros are clad in new wallpapers, Raspberry Pi?s are being
clustered with MicroK8s and the VR game industry has been revolutionised.

- 4 Views on Linux Adoption [6]

4 Views on Linux Adoption In this video, we will be going over 4 points of view when it comes to Linux Adoption.
