Why Systemd is the Devil but I Love It

In this video, I will break down all the components of systemd, the good, the bad, and the ugly.

Feeling Elive | LINUX Unplugged 353

We're blown away by the Enlightenment desktop, and its little known features, and we share a quick way for you to try it out yourself.

Plus our experience with Pop!OS 20.04, Telegram's recent embarrassment, and some feedback.

mintCast 334.5 ? Fossa Fuel

In our Innards section, we talk about the versions of Ubuntu 20.04 we're playing with.
