Some know that Jari's mirror broke a few weeks ago and we've been trying to reach him. I am sorry to announce that Jari Fredriksson was a great supporter of the project running an sa-update mirror, helping with our masscheck program, testing releases, and just generally being a great member of our community.

On behalf of the entire project, I'd like to extend our condolences to him and his family. He will be missed.

If anyone wishes to send a note of condolences it can be done through Jouni, his employer. <http://www.jounivirtanenconsulting.com/contact/>
Sincerely,

Kevin A. McGrail
