Unreal Tournament is on the move - a new publisher (Midway), a new engine, and we take a look at the new goods at E3. Built on the Unreal Engine 3, this new entry in the deathmatch competition extravaganza features massively upgraded graphics, modifiability and other gameplay features. Expected release is narrowed down to sometime in 2006. 😊

Warm up your mplayer and go watch the [Video](#) [2].

Gamespy also has [some footage](#) [3] on new Enemy Territory: Quake Wars! Looks exciting!
