TopJoy ButterFly is a full-color DES screen e-Reader running Android 11 on a quad-core Cortex-A55 processor that appears to be the same Rockchip RK3566 processor used in the upcoming PineNote e-reader.

Two models of the e-Reader are offers with E601 fitted with a 6-inch display and E701 with a larger 7.8-inch display both offering 300 PPI for black & white content and 150 PPI for color, and equipped with 2GB RAM & 32GB storage by default, an option for 4GB RAM and 64GB storage for the larger display.
