Microconferences at Linux Plumbers Conference:IoTs a 4-Letter Word Linux Plumbers Conference 2022

Linux Plumbers Conference 2022 is pleased to host the IoT Microconference

The IoT microconference is back for its fourth year and our Open Source HW / SW / FW communities are productizing Linux and Zephyr in ways that we have never seen before.

AMD Zen 4 and Mendocino CPUs Receive 'CPU Temperature Driver' Patch In Linux

AMD appears to be working on a new patch 'CPU Temperature Driver' patch for Zen 4 & most likely, Mendocino APUs, to completely ready it in the main Linux kernel upon launch.
