* KaOS 2022.06 Run Through - Invidious [3]

In this video, we are looking at KaOS 2022.06.

* People Know Gates & Jobs But Why Not Linus Torvalds - Invidious [4] [Ed: Well, people do not 'know' them, either. They're being spoonfed lies and propaganda.]

Ask the average person who is important in computing, they'll know the names Bill Gates and Steve Jobs but if you ask them about Linus Torvalds they will probably have no idea who that is but why, isn't he core the state of modern computing.

* Valve's new VR headset, Brave Search anti-bias tool, Microsoft vs FOSS copycat apps - Linux news - Invidious [5]

GNU Linux
