Debian release team: the plans for etch

By *srlinuxx*

Created *15/10/2005 - 12:06am*

Submitted by srlinuxx on Saturday 15th of October 2005 12:06:16 AM Filed under [Linux](#) [1]

While everyone else was revelling in the newfound freedom to break unstable *HARD* these past few months, the release team has been busy plotting how best to spoil your fun by bringing testing back into line for another release. We had a release team meeting back in June to discuss plans for etch, and have set a target date for the release in December 2006. This is the timeline that we think will get us there:
