Enlightenment packages updated post beta 3

By *Texstar*

Created 27/12/2010 - 2:10am

Submitted by Texstar on Monday 27th of December 2010 02:10:59 AM Filed under [Linux](#) [1]

I upgraded the Enlightenment packages post beta 3 for PCLinuxOS which fixes an ordering issue that was present in the beta 3 library release. itask-ng is still acting a bit funky when trying to drag and drop but ordering through the setup menu works good. This update will appear shortly in the Synaptic Package Manager for those who have Enlightenment installed.

Tex
