My last post about Ubuntu gaming generated alot of interest, and I was kindly asked to write about more cool Ubuntu games. So, here you go, another five Ubuntu games for your pleasure

Note that the following games should work on other Linux flavors and Unix based Operating Systems. Yet, I'll only provide download/install instructions for Ubuntu and Ubuntu-based Linux distributions.

QuatnZ

QuantZ is a Zuma style action puzzle game. Very nice gameplay, and astonishing artwork.
