Submitted by srlinuxx on Friday 5th of October 2012 03:01:56 AM Filed under [Gaming](#) [1]

Developers working on the Unvanquished open-source game as a visually impressive project have been advancing their OpenGL 3.x renderer.

Unvanquished is based upon the open-source id Tech 3 engine with the XReaL rendering improvements to form what they call the OpenWolf engine. There's a GL3 renderer with this work and they have been working to improve it as of late.
