Linux Mint 14 (Nadia) and Linux Mint Debian Edition

The elves in the Linux Mint development team have been very busy the past few weeks, and just in time for Christmas they have produced new and updated releases for all of the Mint distributions.

The main branch, Mint 14 (Nadia), derived from Ubuntu 12.10 with the Gnome-based Cinnamon and MATE desktops came out in November, then Linux Mint Debian Edition Update Pack 6 at the beginning of December.

That was followed last week by the release of the Xfce version.
