Linux Mint 15 ?Olivia? has been released so it?s time for another review of one of the most popular distros of all time. Linux Mint has always been one of my favorite distros, it has so much to offer any desktop linux user. This release doesn?t disappoint either. There?s quite a bit here for fans of Linux Mint, and it?s almost certain that most of them will want to upgrade to Linux Mint 15.

Please note that this review covers the Cinnamon version of Linux Mint 15. I?ll probably take a separate look later on at Linux Mint 15 MATE.

What?s New in Linux Mint 15 Cinnamon

Here?s a sample of the new features in this release:

Ubuntu 13.05 Package Base
Linux 3.8 Kernel
MDM 1.2
Cinnamon 1.8
Software Sources
Driver Manager
MDM Greeters
Nemo Updates
Desklets for Cinnamon
Cinnamon Screensaver
Control Center Changes
Spices Management
Various System Improvements
Improved Hot-Corner Configuration
Coverflow Alt-Tab
Timeline Alt-Tab
Horizontal or Vertical Window Maximization
Software Manager Tweaks
Update Manager and Welcome Screen Tweaks

rest here [2]
