# Using dual factor authentication on Linux..

By *fieldyweb*

Created 09/06/2013 - 6:01pm

Submitted by fieldyweb on Sunday 9th of June 2013 06:01:07 PM Filed under [Linux](#) [1]

I'm really starting to appreciate the benefits of dual factor authentication across the board, so this Howtoforge article is of interest to anyone who wants to secure SSH access on their Linux systems. I previously posted about using your mobile phone as the something you have bit, well this is another method.
