Amnesia: A Machine for Pigs, the oft-delayed survival horror title from The Chinese Room, will be available Sept. 10, the studio announced today.

It is in development on Windows PC, Mac and Linux. Interested parties can pre-order the game from GOG and Desura; it will cost \$19.99 at launch, but pre-orders are discounted by 20 percent to \$15.99.

A Machine for Pigs is The Chinese Room's follow-up to Frictional Games' 2010 original, Amnesia: The Dark Descent.
