Does Linux Mint exist?

By *Rianne Schestowitz*

Created 25/04/2014 - 6:50am

Submitted by Rianne Schestowitz on Friday 25th of April 2014 06:50:36 AM Filed under [Linux](#) [1]

This is not an attack against the Mintcast podcast or the Luddites as I like listening to their podcasts and I listed both of them in my top 9 Linux podcasts article.

I did feel it necessary to respond to their critique though as I felt many of the points weren't valid or needed qualifying.

As for the title of this post, that is definitely link bait. A title so vague that it draws people in.
