OpenMandriva Lx 2014 is the latest edition of OpenMandriva, a desktop Linux distribution derived from Mandriva Linux. It is one of the distributions that rose out of the ashes of Mandriva Linux; the other being Mageia, and, to some extent, ROSA Desktop.

OpenMandriva Lx 2014 is the distribution's second, stable release. The previous one was OpenMandriva Lx 2013 (see OpenMandriva Lx 2013.0 review)
