- [Civilization: Beyond Earth Release Date Confirmed; Coming To Windows, Mac And Linux This October](#) [5]

According to a new press release from 2K and Firaxis, Civilization: Beyond Earth will make its way onto Windows, Mac and Linux on Oct. 24; a rare Friday release that should help 2K and Firaxis separate their latest project from the myriad other AAA projects also scheduled to hit this October. And the game's global release date means there won't be any extra waiting if you live in a certain region.
