The device, named the "Commodore PET," runs Android 5.0 Lollipop, and has a 5.5-inch full HD 1920 x 1080 IPS OGS display.

It has a 1.7-GHz 64-bit octa-core CPU, up to 3 GB of RAM, an earphone jack, a microUSB slot, dual SIM cards, and a 3,000 mAh removable battery.

The PET runs on 4G LTE, GSM and WCDMA networks.
