Submitted by Rianne Schestowitz on Thursday 12th of November 2015 11:35:52 AM Filed under [GNOME](#) [1]

GNOME 3 has come a long way since 3.0. When you compare what we have now to that initial 3.0 release, the difference is quite huge. Though it might look similar, the experience of using it has improved dramatically. This improvement is a major achievement, and has only happened thanks to the tireless efforts of the GNOME community.
