It's that time of development again when the Fedora Design Team sends out their call for supplemental wallpapers. Artists and photographers are encouraged to participate. Matt Hartley discussed today some of the mistakes new users make with Ubuntu and offered up his best advice for avoiding them. TecMint compiled the top five reasons to install Linux and the second round of voting has begun in FOSS Force's Best Distro of 2016 contest. Some familiar names graced Google's Code-in winners and Gaming On Linux has identified the best games of 2016 through a user polling survey.
